

Converting Imaginations to Roadmaps

??

Africa 2030 and beyond

Surya Raghu
ET Cube International

Global Solutions Summit 2023

Thematic Session 2: Technology Roadmaps and Needs Assessments

Imagining a New Brand for Africa

Imagine a new brand for Africa
– the pride of **Made in Africa**,
Designed and Innovated in
Africa, Created in Africa, Travel
Africa...etc.

Now plan on what it takes to get
there....**Roadmaps**

Creating Roadmaps

Battery Research, Renewable Energy, Off-grid power, Smart Agriculture, Tourism, IP-based economy

Technology-Needs Assessment, Absorptive capacity

Create critical mass of innovators and entrepreneurs, piloting and scaling

....Implementation

From Roadmaps to Implementation

Technology Assessment and Technology Transfer

Related to SDG

Technology Deployment

Physical Infrastructure

Digital infrastructure

Technological base

Capacity Building

Human Capital: Create skilled workforce, Innovation and

Entrepreneurship opportunities

STI and Trade Policies, Diaspora, AfCFTA, etc.

Updated education system

Summary

Africa 2030 and beyond

Roadmap – Technology
Assessment and Technology
Transfer – Technology
Deployment – Create Ecosystem
